

THE WAGNERS

ASIA

Where They Serve

- Primarily in a major university district within the capital city

Ministry Focus

- International church planting and discipleship
- Relational evangelism through long-term friendships and gospel conversations
- Leadership development, youth ministry, and biblical discipleship
- Serving students, teachers, professionals, families, and internationals from many nations

Church & Leadership Development

- Building a healthy, Scripture-centered, disciple-making church
- Training leaders, small group leaders, youth leaders, and future elders
- Equipping believers with strong doctrinal foundations and a biblical worldview
- Developing disciples who will carry the gospel wherever God sends them

Youth Ministry

- Leading an international middle school youth group of around 20 students
- Teaching Scripture with a focus on discipleship and spiritual growth
- Encouraging students to know God's Word and become disciple-makers

Spiritual Context

- Ministry takes place in a highly secular, fast-paced city of over 20 million people
- Many people have never heard a clear presentation of the gospel
- Christianity is often viewed as foreign or political rather than biblical truth
- Common worldviews include atheism, materialism, nationalism, and self-reliance
- There are relatively few healthy, biblically sound churches compared to the spiritual need

Current Goals

- Establish a healthy, prayer-centered church with shared leadership
- Continue developing elders and future ministry leaders
- Strengthen biblical foundations within the church
- Equip students and internationals to faithfully follow Christ wherever they go

Pray For

- Long-term fruit through relational evangelism and discipleship
- Wisdom and endurance in a transient ministry environment
- Leadership development within the church
- Open hearts among locals and internationals
- Students and young believers to stand firm in biblical truth
- Faithfulness in slow, often unseen ministry work
