

LYDIA

ASIA

Where She Serves

- Serving in both urban and rural communities in a Creative Access Nation in Asia
- Working among a predominantly Muslim population with virtually no Christian presence

Ministry Focus

Relational Evangelism

- Building friendships and trust through everyday conversations, hospitality, and shared meals
- Sharing the gospel naturally and discreetly in a country where evangelism is prohibited

Discipleship & Church Planting

- Laying the foundation for the first indigenous church among the people she serves
- Working toward a sustainable gathering of local believers who can eventually disciple their own communities

Spiritual Context

- Islam is central to religious and cultural identity, with citizenship tied to Muslim identity
- The people are hospitable, family-oriented, and deeply committed to caring for their elders
- No known churches exist in the country, and only a handful of local believers are known
- Exploring Christianity can carry serious consequences, including family rejection, arrest, or loss of citizenship

Current Goals

- Build meaningful relationships and earn trust within the community
- Share the gospel and disciple those who respond
- See a self-sustaining, indigenous church established

Pray For

- Wisdom, discernment, and protection for Lydia and her team
- Open hearts and opportunities for gospel conversations
- Courage and protection for local believers
- The establishment of the first local church
