

THE WORLD STILL NEEDS JESUS

WORLD MISSIONS DAY
FEBRUARY 28, 2027

HELP SEND THE MISSIONARIES YOU MAY NEVER MEET

They know the language. They know the culture. They know the people. And they know Jesus.

THEY ARE CHANGEMAKERS

These are national church planters equipped to take the gospel to their own communities and countries. By investing in local leaders, we help make disciples who make disciples and plant churches who plant churches. Here are 4 of the over 450 Changemakers in 76 countries that your gift supports:

Lewi Mursale
East Africa

Coordinates an association of churches in Uganda, South Sudan, the Democratic Republic of the Congo, and Rwanda working to train 50 pastors and plant 10 new churches.

Rama Bochung
Myanmar

Pastors his own congregation while mentoring and equipping pastors in more than 20 villages, helping strengthen churches as they face government persecution and uncertainty.

Gerson Orellana
Panama

Is planting a second church, this time among the indigenous Ngäbe-Buglé community while mentoring and training leaders across South America.

Morteza A.
Germany

Shares the gospel with Afghan and other immigrant communities after coming to faith in Christ when someone shared the gospel with him while he was a refugee.

You may never meet them,
but you can help send and sustain them.
