Who are ChangeMakers?

- They arenational pastors and leaders who make disciples and plant churches among their own people.
- They know the language, understand the culture, and live in the communities they serve.
- BMA Global helps equip and support 450+ ChangeMakers serving in 70+ countries. More leaders are trainedand ready to serve, but additional funding is needed to send them.

ChangeMakers are the heartbeat of BMA Global's ministry. We could not carry out this work without them.

Why your offering matters

- ChangeMakershave little opportunity tovisit Americanchurches or raise support directly.
